# SCORE OF BOMBS MAILED BY PLOTTERS

## CABINET MEN MARKED FOR DEATH FICKERT ALSO MENACED

## 7 INFERNAL MACHINES PUT IN MAIL

BULLETIN.

SEATTLE, April 30.—Dynamite, capable of doing great damage and causing loss of life if exploded, was found in the bomb received in Mayor Ole Hanson's mail Monday, the Seattle station of the bureau of chemistry of the United States Department of Agriculture announced today after making a complete analysis of the contents.

WASHINGTON, April 30.—Postoffice inspectors at New York reported today the discovery there of seventeen infernal machines put into the mails addressed to prominent officials, including cabinet officers.

One of the machines is understood to have exploded during examination, but without causing great damage. All were similar to the bomb sent to the former Senator Hardwick of Georgia, which when opened in the Hardwick home, blew off the hands of a negro maid and injured Mrs. Hardwick.

Among those to whom deadly packages were addressed were Postmaster-General Burleson, Secretary of Labor Wilson, Attorney-General Palmer, Commissioner Camineti of the immigration bureau; Mayor Hyatt of New York, Governor Sproule of Pennsylvania, John D. Rockefeller, J. P. Morgan, Solicitor-General Lamar of the post office department and F. C. Howe, immigration commissioner at New York.

Associate Justice Holmes of the United States Supreme Court was another of the prominent intended victims. Most of the other packages were addressed to officials or men prominent in private life.

Justice Holmes delivered the supreme court's opinion sustaining the conviction of Eugene V. Debs for violation of the espionage act. Court officials telephoned all the justices today warning them to take care in receiving their mail.

Seventeen packages were pulled out of the mails, but postoffice officials fear that some others may have had sufficient postage and have gone through the mails.

Others to whom packages were addressed included: W. M. Wood, 21 Fairfield street, Boston; W. H. Finck, special agent of the Department of Justice at New York; W. J. Shaffer, attorney general of Pennsylvania; T. Lary Dyra, Chester, Pa., and Richard B. Enright, police commissioner, New York city.

CHICAGO, April 30.—A package similar to those which were found in the New York postoffice was found this afternoon in mail received by Federal Judge K. M. Landis. Although the exact nature of the package is not known, postoffice officials are investigating.

NEW YORK, April 30.—The bombs found in the New York postoffice here, addressed to prominent persons all over the country, were mailed Saturday night. Postoffice inspectors working on the case had no clue this afternoon as to the sender.

WASHINGTON, April 30.—An earthquake of unusual intensity, apparently about 4000 miles from Washington, was recorded yesterday at 12:35 a. m. and continued until after 7 o'clock, the maximum intensity being recorded from 4:17 until 4:20 o'clock.

SEATTLE, April 30.—The University of Washington seismograph early today recorded what university officials described as a severe earthquake centered about 2200 miles from here. Vibrations were so heavy that the north and south needle of the seismographs swung five inches and dropped off the recording drum. First vibrations were recorded at 12:35 a. m.

Breweries Will  
Operate at Own  
Risk Hereafter

(By Associated Press)

WASHINGTON, April 30.—Agents of the department of justice have been instructed to obtain evidence showing what brewers continue manufacturing beer after midnight tomorrow, when prohibition of the use of foods in beer, wine or other intoxicating liquors becomes effective. This evidence may or may not be used in prosecution of brewers, depending largely on what the federal court in New York decides in the beer case now pending there. Whether production of near-beer after tomorrow midnight is prohibited, the department of justice has not ruled.

Manufacturers of wine or beer who continue to operate after May 1 will do so at their own risk, although the department has not indicated any intention of causing immediate arrests.

# NATIONWIDE BOMB PLOT UNCOVERED

(Continued from Page 1)

blowing off both hands of his negro maid, Ethel Williams, and seriously injuring Mrs. Hardwick, was the direct result of an immigration bill which he drew in conjunction with the department of immigration and which limited immigration of foreigners to this country for a period of four years after the war.

"The attempt to assassinate me by a deadly infernal machine was the work of anarchists, hired by the Bolsheviks and the I. W. W." he declared. "One of the last bills I introduced in the Senate before its adjournment was a bill prohibiting immigration and which struck right at the administration of the Bolsheviks and I. W. W. movement, and I am satisfied it was through their agency that the attempt on my life was made."

"The bill limited the immigration of foreigners for a period of four years after the war. It was an administration bill and one of the few that I agreed on with the administration."

Mrs. Hardwick, wife of the former senator, who was painfully cut about the face and hands, was resting at the hospital today, though showing the effects of the nervous shock.

Although the package, about the size of a pack of cards, contained ten panels of similar size, nine bore the inscription of Gimbel Bros., one of New York's large department stores, and was postmarked New York City, there is no disposition to connect the firm with the sending of the package, as it would be easy for anyone to secure one of its wrappers.

## Lieutenant Is Back After Year in France

Lieutenant Thornton A. Goldstein, former Oakland newspaperman, is in Oakland today following his return from Germany, where he had mustered out after a year's active service in France. He is the son of Isaac Goldstein, 319 Sacramento street, and was one of the Batteries D contingent which left here in August, 1918, under Captain Walter J. Petersen as a part of the 14th Field Artillery. Goldstein left France in March, arriving in New York on April 1.

## Base Hospital Unit 47 to Get Reception

To discuss plans for a welcome-home reception and ball for the members of Base Hospital Unit No. 47, composed largely of University of California students, members of the unit's auxiliary has been called for this evening at the Hotel Oakland.

It is planned by the women of the unit to give a social function at the Hotel St. Francis in honor of the members of the unit, practically all of whom are Alameda county men. The boys, according to word received by Mrs. E. V. Matisson of Berkeley, are at present at Camp Stewart, Virginia, and will arrive in California shortly.

Co-Eds Up in Arms to Elect One of Sex On U. C. Board

# BATTLESHIP OREGON NEAR CAREER'S END

MADELINE BENEDICT

Fair Sorority Belle Given Backing in Race for Executive Position

BERKELEY, April 30.—The long race more than dominated student affairs on the University of California campus. As regards the state university, the students are up in arms today and demand a recognition of their rights. Accordingly they are holding a fair to raise money for the benefit of the poor, and are campaigning for a fair treatment of them sex in the person of Miss Madeline Benedict, sorority belle, who is seeking a seat with the powers that be among the male students of the university on the executive board of the student body.

Miss Benedict's fight has been carried to every sorority and women's club house on the campus and every coed has been urged to cast her ballot for the captain of our souls.

"We feel that we are entitled to a place on the executive board of the student body," declares Miss Ruth Ruta, president of the Associated Women Students. "Our cause is just. The election carried on to-day in Calmo, but still we are fighting for Miss Benedict and hope to see her win."

Miss Benedict is the only coed whose name appears on today's ballot on the student election ticket, and she is the only one who has sought the best looking baby in the group. That's my child!"

These and many similar whispers are floating through the air at the American Theater this afternoon, where the pictures of group No. 1 in the Oakland TRIBUNE Motion Picture Baby Competition (indicated last Wednesday at Lakeside Park) are being publicly exhibited.

It is my impression to say that this is the most interesting baby picture ever shown in this city, and we doubt if a more interesting picture was ever taken.

There is nothing tiresome or drab about the pictures; the babies are full of joy and the many impromptu stunts performed by the kiddies are more amusing than any carefully rehearsed "baby acts" could possibly be.

While these pictures are being shown at the American this afternoon, another interesting event is taking place at Lakeside Park, the filming of groups No. 2 and 3 in the Baby Competition. This Thursday, will be shown at the American Theater next Sunday, Monday and Tuesday.

The pictures being shown today will be a feature of every afternoon and every evening performance the remainder of this week.

**Stephens Urged to Sign Firemen's Bills**

Gov. Stephens is in full today, facing repudiation and constituents. Bills must

face a charge of theft.

Chas. Archibald, 322, Seventh street, Oakland, who is accused of having stolen his pocket book, has been picked up in a gas store on 8th street. Last night Lewis applied for the store and said he had been asked to identify him, and that his conscience wouldn't let him keep it. Archibald counted the money—then summoned Inspectors Van Houtte and Reichen, who placed the thief in custody on suspicion.

He is held for investigation in regard to other cases, and is awaiting police court action on the Archibald case.

**Repentance Is No Escape from Jail**

Gov. Stephens, his cabinet, smote and A. J. Lewis is in jail today, facing repudiation and constituents.

## TROOP WELCOME SHOWN IN FILMS

Tomorrow evening at the Kinema Theater at the 9 o'clock performance all men presenting themselves in the uniform of the United States army, navy or marines will be admitted free to the performance.

The particular event of the evening is the showing of Alameda county's gigantic welcome to the 15th regiment which returned last Sunday to Oakland.

The perfect photographs of these films, taken by THE TRIBUNE, and the amount of interesting features they contain, has excited considerable comment here.

Another big feature being shown this week at the Kinema is the special five-reel film "U. S. Victory Loan—The Price of Peace." These films show actual close-up fighting in Europe and are a vivid portrayal of exciting events.

Louise Abbot's famous book, "Little Women," is also on the program as a feature picture.

**BUSINESS MAN ILL.**  
ALAMEDA, April 30.—William Kochendorfer, Park street business man, is seriously ill at his home, 208 Lincoln avenue.

## PRESIDENT WILSON'S STATEMENT TO ITALY

PARIS, April 30.—(By the Associated Press).—A statement has been issued dealing with the memorandum sent by President Wilson to the Italian delegation on April 14, with permission to make it public in Italy, and which was given out in Rome.

A complete copy of the President's statement, under the heading "Memorandum Concerning the Question of Italian Claims on the Adriatic," follows:

"There is no question to which I have given more careful or anxious thought than I have given to this, because, in common with all my colleagues, it is my earnest desire to see the utmost justice done to Italy. Throughout my consideration of it, however, I feel that there was one matter in which I had no choice and could wish to have none. I felt bound to square every conclusion that I should reach as accurately as possible with the formal principles of peace which I set forth in my address to the Congress of the United States on the 8th of

January, 1918, and in subsequent addresses.

### SINGLE RESERVATION TO FORTY-FOUR POINTS

"These fourteen points and the principles laid down in the subsequent addresses were formally adopted with only a single reservation by the powers associated against Germany, and will constitute the basis of peace with Germany. I do not feel at liberty to suggest one basis for peace with Germany and another for peace with Austria.

"It will be remembered that in reply to a communication from the Austro-Hungarian government offering an armistice and peace on the basis of the fourteen points to which I have alluded, I said that there was one matter to which these points no longer applied. They had demanded autonomy for the several states which had constituted parts of the Austro-Hungarian empire, and I said that it must not be left to the choice of the people of these several countries what their destinies and political relations should be.

**CHOSE TO SET UP INDEPENDENT STATES**  
"They have chosen, with the sympathy of that whole world, to be set up as independent states. Their complete separation from Austria and the complete dissolution of the Austro-Hungarian empire has given a new aspect and significance to the settlement which may be effected with regard, at any rate, to the eastern boundaries of Italy.

"Personally, I am quite willing that Italy should be acceded to, the whole front of her eastern frontier, and wherever she comes into contact with Austrian territory all that was accorded her in the so-called pact of London; but I am of the clear opinion that the pact of London can no longer apply to the settlement of her eastern boundaries.

### PACT OF LONDON DOES NOT APPLY

"The line drawn in the pact of London was conceived for the purpose of establishing an absolutely adequate frontier of safety for Italy against any possible hostility or aggression on the part of Austria. But Austria-Hungary no longer exists. These eastern frontiers will touch countries stripped of the military and naval power of Austria, settled in interdependence of Austria and organized for the purpose of satisfying legitimate national aspirations, and created states not hostile to the new European order, but arising out of it. Interested in its maintenance, depending upon the cultivation of friendships and bound to a common policy of peace and accommodation by the covenant of the league of nations.

### AGREEMENT TO CESSION OF TRIESTE AND POLA PORTS

"It is with these facts in mind that I have approached the Adriatic question. It is commonly agreed, and I very heartily adhere to the agreement, that the ports of Triest and Pola, and with them the greater part of the Istrian peninsula, should be ceded to Italy; her eastern frontier running along the natural strategic line established by the physical conformation of the country—a line which it has been attempted to draw with some degree of accuracy on the attached map.

"Within this line on the Italian side will lie considerable bodies of non-Italian populations, but their fortunes are so naturally linked by the nature of the country itself with the rest of the Italian people that I think their inclusion is fully justified.

### CAN SEE NO JUSTIFICATION IN INCLUSION OF PLUME

"There would be no justification, in my judgment, in including Plume or any part of the coast line to the south of Plume, within the boundaries of the Italian kingdom.

Plume is by situation and by all circumstances of its development not an Italian, but an international port serving the countries to the east and north of the Gulf of Plume.

"It is deemed expedient to have one sovereignty. It is my clear judgment that it should enjoy a very considerable degree of genuine autonomy, and while it should be included, no doubt, within the customs system of the new Jugo-Slavie state, it should nevertheless be left free in its own interest and in the interest of the states lying about it, to devote itself to the service of the commerce which naturally and inevitably seeks an outlet or inlet at its port.

### STATES IT SERVES WELL ALL ARE NEW STATES

"The states which it serves will be new states. They will have complete confidence in their access to the outside of the sea. The friendship and the connections of the future will largely depend upon such an arrangement as I have suggested and friendship, co-operation and freedom of action must underly every arrangement of peace, if peace is to be lasting.

"I believe there will be common agreement that the island of Lissa should be ceded to Italy and that she should retain the port of Volpina. I believe that it will be generally agreed that the fortifications which the Austrian Government established upon the island of Lissa should be permanently dispensed with under international guarantee and that the disarmament which is to be arranged under the league of nations should limit the states on the eastern coast of the Adriatic to only such minor naval forces as are necessary for policing the waters of the island and the coast. These are conclusions which I am forced to by compulsion of the understandings which underly the whole initiation of the present peace.

"No other conclusions seem to be conceivable to being rendered consistent with these understandings. They were understandings accepted by the whole world and bear with peculiar compulsion upon the United States, because the privilege was accorded her of taking the initiative of bringing about the negotiations

## GIRL SPEEDER IS GIVEN \$25 FINE

A battery of law students from the University of California volunteered to defend Miss Helen Starkie of Miss Head's School, daughter of E. A. Starkie, 2653 Dwight way, Berkeley; yesterday before Judge G. S. Fitzgerald at Livermore, on a charge of speeding. Notwithstanding the array of legal promise and the fact that the speedometer was not working at the time of the arrest, the judge assessed Miss Starkie \$25 for her hurry.

Deputy District Attorney Frank M. Shaw worked yesterday from 9 in the morning until 5:30 prosecuting an unusually long calendar of cases before the Justices in Livermore, Napa and Contra Costa. Nine cases of automobile accidents were called before Justice Ralph Richardson, but owing to the congested business his cases were continued until Monday. They are charged with disregarding the road-closed signs of the state and crossing the newly laid concrete.

## Old Herbal Remedy Used For 40 Years in Relieving Diabetes

The most satisfactory results have been obtained in combating Diabetes by observing certain dietary rules and the judicious use of Warner's Safe Diabetes Remedy. This preparation is used with marked success for more than forty years.

Following is a letter from a grateful user:

"This letter is the best proof that I am still alive. Your medicine is a miracle to me. My weight was reduced from 157 to 114 pounds when I left the hospital. I left there August 6th in despair. Hundreds of people knew me said I would never live to return to my studio. After leaving the hospital I saw your "Ad" in the paper. I began its use and at once commenced to improve, and now every-

body is saying to me that I look better than ever before. I tip the scales at 132 pounds and I am back working again, to the astonishment of all. I feel splendid and people say I am looking better every day. I must tell you that every word I have written is true, and I can prove it by hundreds that knew of my condition. Jules Friguet, 11 West First street, Los Angeles, Cal.

Warner's Safe Diabetes Remedy is made from herbs and other beneficial ingredients and has been on the market forty years, a true indication of its value. Get a bottle today.

Sold by leading druggists everywhere. Sample sent on receipt of ten cents. Warner's Safe Remedies Co., Dept. 363, Rochester, N. Y.—Advertisement.

## THE JOY OF MOTHERHOOD

Mrs. Phillips Sends an Encouraging Letter to Expectant Mothers.

West Philadelphia, Pa.—"It took Lydia E. Pinkham's Vegetable Compound for five months before my baby was born and it has made me much better in health. I was always very ill when my other children were born, but with this one I had a much easier time. He is a big healthy boy now, three years old, and I believe it was Lydia E. Pinkham's Vegetable Compound that made me so well. It is certainly a good medicine for every woman. I cannot say too much in its favor, and you may publish my testimonial."—Mrs. W. Phillips, 5430 Kingsessing Avenue, West Philadelphia, Pa.

The reason that thousands of women from all parts of the country write such letters is that this famous old root and herb remedy, Lydia E. Pinkham's Vegetable Compound, has brought health and happiness into their lives, once burdened with pain and illness.

For special advice in regard to such ailments write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its many years experience is at your service.

## ANAEMIA AND POOR BLOOD

How Mrs. Burnett's Daughter Recovered.

Drewsville, N. H.—"My daughter was anaemic, had poor blood and suffered from indigestion and bilious attacks. As Vinol had built up my son some time ago, I gave it to my daughter. She soon improved in health and it has built her up and restored her health."—Mrs. N. Burnett.

The reason Vinol was so successful in Miss Burnett's case is because it contains beef and cod liver peptones, iron and iodine, and glycopophosphates, the very elements needed to build up a weakened, run-down system, make rich red blood and create strength. Dollars and Cents.

Counting it only in dollars and cents, how much did that last cold cost you? A man may not always stop work when he has a cold, but perhaps it would be better if he did. It takes about ten days to get completely rid of a cold under the usual treatment. That time can be shortened by taking Chamberlain's Cough Remedy and proper care of yourself. In fact, a bottle of this remedy in the house is a mighty good investment during the winter and spring months. For sale by Osgood Bros. Drug Co.—Advertisement.

## School Children to Stage Dances as the Chief Feature of Fete; Patriotic Flag Drill

May Day will be a red-letter day in the calendar of the Santa Fe Improvement Club. The fete which the club is to stage at Idora Park will make it the most interesting, point to one of the most interesting affairs the improvers have ever given and, of its kind, one of the most brilliant fetes ever at the park.

At the invitation of the club, school children from all parts of the city are to attend. No admission will be charged.

The May Day dances will be the chief feature of the fete. Close to half a hundred boys and girls of all ages will participate. Solo dances as well as ensemble numbers will be included. In addition several effective tableaux have been arranged for inclusion in the program.

Among the solo dances are several

illustrating the dancing steps of various foreign peoples. The slave dance of India, the highland fling of Scotland, the parasol dance of China, and the habanera and other dances of Spain are included in the program.

One of the prettiest of the group dances that is being rehearsed is the "Dance of the Honeybees," specially contrived for this occasion. Similar in character and expected to prove just as charming is the "Message of Love" dance. Two tiny Cupids, in reality August Wehrmann and Jean Warner, are to take part.

In a separate flag drill which is being prepared, eleven pretty little maidens will participate. There will also be, of course, the time-honored May pole ta

"The dancing is under the direction of Mrs. A. N. James and a number of her pupils as well as others will participate.

"I began to have muscular pains across my back about three years ago," says Mr. Benedict. "I paid little attention to them at first but they continued getting worse until I was flat on my back. It was a steady, dull pain and when I stooped to pick anything up my back felt as though I had been cut with a knife. I tired quickly and couldn't sleep well at night.

"A newspaper announcement led me to buy a box of Dr. Williams' Pink Pills and before I had taken

the remedy a week the pain became less acute. I continued the treatment until the pain entirely disappeared. I feel stronger and better in every way now and sleep soundly. I take long walks and enjoy every minute. I strongly endorse Dr. Williams' Pink Pills as a tonic."

The purpose of Dr. Williams' Pink Pills is to build up the blood. They do this one thing and they do it well. They are for this reason an invaluable remedy in diseases arising from bad or deficient blood, as jumbago, rheumatism, neuralgia, after-effects of the grippe and fevers. The pills are guaranteed to be free from opiates or any harmful drug and cannot injure the most delicate system.

"Building Up the Blood" is a booklet full of useful information.

Every mother and every growing girl should have one and send free request for it to the Dr. Williams' Medicine Co., Schenectady, N. Y.

Your own druggist sells Dr. Williams' Pink Pills or they will be sent by mail, postpaid, on receipt of price, forty cents per box, six boxes for \$2.50.—Advertisement.

## WETS STILL FIGHT FOR REFERENDUM

FATAL AUTO CRASH  
PUZZLE TO POLICE

Two more states in the nation may be added to those which the "wets" interest are to bring action against the Shepard prohibition amendment by referendum, according to Theodore A. Bell, attorney for the California Grape Growers' Association of California.

The action of the state of Oregon in declining to honor the referendum motion of the groups that national legislation was not subject to state revision has determined the "wets" upon this course.

Bell states that both in Oregon and Washington every effort for referendum will be had to the United States Supreme Court.

### SACRED SEXTIME STORY

### Two Smart Evening Gowns Frocks Feature Decolette

Annette Bradsher

Twinkling his pink nose, and whistling a mazy little tune, Uncle Wiggily Longears, the bunny rabbit gentleman, hopped out of his hollow stump bungalow one day. Under one paw he had a rake, and under the other a hoe and shovel, while inside his tall silk hat were a number of little paper packages of seeds.

"Well, what are you going to do now, if I may ask?" inquired Mrs. Jinx, housekeeper, who was sitting ready to bake a raisin cake with lollipops on top.

"I am going to make a garden and plant some flower seeds," answered the bunny boy. "I have a date with April showers to bring May flowers. But if I don't plant some seeds in the April showers, the world will do, because there are no flowers to put some flower seeds in the ground and wait for them to grow. Then I'll give you a bouquet."

"That will be very sweet of you," said Mrs. Jinx. "I like flowers."

So, still whistling his merry tune and making his pink nose twinkle like a rubber ball bobbing up and down, Uncle Wiggily, with his shovel and rake and hoe, began making his garden. The bunny rabbit sometimes used his paws to dig in the earth, but when he dug, he used the hoe and rake and shovel also, because they were a bit more stylish, he thought. And, having made his little plot in the soft, brown earth, Uncle Wiggily sprinkled in the flower seeds. Then he covered them with dirt, which was like a brown blanket to keep the seeds from getting sunburnt and to put them into flower blossoms.

"And while I'm waiting for the flowers to come up I'll sit down on this bench in the sun and rest," said the bunny rabbit.

Now, Uncle Wiggily did, not know quite as much about a garden as he perhaps had, but he did. On his calendar it says that it takes a week or more for flower seeds to begin to put their green leaves up through the brown earth. Anyhow, Uncle Wiggily sat down on the bench in the sun for his flowers to grow, and while he sat there something happened.

The something that happened was that Uncle Wiggily fell asleep. The sun was so warm, he was a bit tired from having made his garden, and he was resting easily on the bench that he fell asleep.

The next thing that happened was that along came Jackie and Peetie Bear, who were playing hide-and-seek, and Peetie was thinking about fun on the bench. They also saw the shovel and the rake and the hoe, and he was wondering where the ground had been dug out so we can breathe.

"Uncle Wiggily has been making a garden!" barked Jackie. "And I know just what to do—play a nice trick on him!" barked Peetie.

"It won't hurt Uncle Wiggily, will it?" Jackie wanted to know.

"Not at all," said Peetie, "so let's catch him." "We'll dig two little holes in the garden where no seeds are planted. Then we'll get in the holes and cover ourselves up with the dirt, making our noses sticking out so we can breathe."

"There's there, a funny trick in the works," said Peetie.

"Wiggly can't stick your black nose a little way out of the ground, and I'll stick my red tongue," spoke Peetie.

"And when Uncle Wiggily wakes up, he'll think his nose and tongue have begun to blossom. Then, when he tries to pick them, well, scat!"

"We'll jump up and bark like anything!" said Peetie.

"That'll be a fine trick!" said Jackie.

"The two puppy dogs made two big holes and snatched away under the earth, leaving only their black noses sticking out, and Peetie's red tongue showed almost like a flower. And then the third thing happened."

"What third thing?" asked Peetie.

"He saw Uncle Wiggily asleep on the

bench, and the Skeezicks said to him-

"Now I can sneak up easy and bite off his ears!" snickered the Skeezicks. "There is no one around to stop us."

So, they hopped over the fence and

were thinking about fun on the bench. They also saw the shovel and the rake and the hoe, and he was wondering where the ground had been dug out so we can breathe.

"Uncle Wiggily has been making a garden!" barked Jackie. "And I know just what to do—play a nice trick on him!" barked Peetie.

"It won't hurt Uncle Wiggily, will it?" Jackie wanted to know.

"Not at all," said Peetie, "so let's catch him." "We'll dig two little holes in the garden where no seeds are planted. Then we'll get in the holes and cover ourselves up with the dirt, making our noses sticking out so we can breathe."

"There's there, a funny trick in the works," said Peetie.

"Wiggly can't stick your black nose a little way out of the ground, and I'll stick my red tongue," spoke Peetie.

"And when Uncle Wiggily wakes up, he'll think his nose and tongue have begun to blossom. Then, when he tries to pick them, well, scat!"

"We'll jump up and bark like anything!" said Peetie.

"That'll be a fine trick!" said Jackie.

"The two puppy dogs made two big holes and snatched away under the earth, leaving only their black noses sticking out, and Peetie's red tongue showed almost like a flower. And then the third thing happened."

"What third thing?" asked Peetie.

"He saw Uncle Wiggily asleep on the

bench, and the Skeezicks said to him-

"Now I can sneak up easy and bite off his ears!" snickered the Skeezicks. "There is no one around to stop us."

So, they hopped over the fence and

were thinking about fun on the bench. They also saw the shovel and the rake and the hoe, and he was wondering where the ground had been dug out so we can breathe."

**Hit by Auto; Dies From His Injuries**

SAN FRANCISCO, April 30.—Richard Hutton, said to be an employee of the Moore Scott shipyards, was killed early this morning from injuries received March 23 when he was run down at Fourth and Market by an automobile driven by John R. Arnell, 3431 Sixteenth street. Arnell has been booked on a charge of manslaughter.

**Now, she can romp**

AT the beginning of Spring, this father was worried about his little girl's failing health. A business friend advised him to try Gude's Pepto-Mangan. He did so, with really remarkable results. Soon color crept back into the wan cheeks, the listless eyes took on the sparkle of renewed health, and body and brain recovered their zest for study and play.

**Gude's Pepto-Mangan***"The Red Blood Builder"*

It's the ideal tonic for children—not a mere temporary booster, but a real blood builder and purifier. It helps the body build up its blood. It gives the red blood cells with the elements they need to increase their power to carry nourishment to all the body cells and tissues. It gives the body energy and makes it exceptionally pleasant to taste.

Pepto-Mangan is made only by

Use it  
in your  
Foot-Bath

**Use it in the Morning**

And walk all day in comfort. At night, sprinkle it in the foot-bath, and soak and rub the feet. It freshens the feet, takes the Friction from the Shoe, and by protecting your hose and stockings from this friction, saves ten times its cost each year on your stocking bill.

For over 25 years Allen's Foot-Ease has been the STANDARD REMEDY for hot, swollen, smarting, tender, perspiring aching feet, corns, bunions, blisters and callouses. It acts like magic—No plasters or grease, clean, sanitary and cooling.

You will never know what real foot comfort is until you have used Allen's Foot-Ease. What better proof than that the Plattsburg Camp Manual advises men in training to shake Foot-Ease in their shoes each morning. You should have the same comfort for your feet.

**Keep Baby Well—**

Feverish colds that distress the little ones, that cause difficult breathing, that irritate their sensitive little throats and give them troublesome disturbing coughs, are readily helped and soothed by Foley's Honey and Tar.

The wise mother gives it for croup, whooping cough, measles, cough and bronchial coughs.

**Foley's Honey and Tar**

is just as good for grown-ups as for children. For hoarseness, tickling throat, troublesome night coughs, a gripe cough and chronic coughs of elderly people it is widely recommended. It contains no morphine, chloroform or other drug that you would not like to give to young children, delicate persons or elderly people. Do not accept a substitute.

"My baby was 10 days old he took whooping cough in the winter and the paroxysms almost overcame him. Our physician suggested Foley's Honey and Tar and that gave him almost instant relief, for which we feel very grateful."—Dr. J. H. Biggs, of Odessa, Tex.

"My baby was stricken with a severe cough and cold at one month old. I gave him 10 to 15 drops of Foley's Honey and Tar every three hours and it sure did help him." Mrs. B. L. Garrett, Schoolfield, Va.

**Mrs. Fitzgerald Is Indorsed by Women's Clubs**

By GEORGIA G. BORDWELL  
That Mrs. W. A. Fitzgerald of Fresno is an exceedingly popular woman, who has an immense amount of political backing, which might have carried her into the president's chair of the California Federation of Women's Clubs had she consented to allow her name to be put up for that office in May, is evidenced by the fact that at the recent convention of the San Joaquin Valley District the following statement was issued:

"Whereas, Mrs. W. A. Fitzgerald as president of the San Joaquin Valley District Federation during the past four years has greatly endeared herself to the members of all the women's clubs in the district by her charming personality, splendid executive ability and wonderful efficiency;

"Therefore we, the officers and delegates of the San Joaquin Valley District Federation in convention assembled at Reedley, take this opportunity to express our great disappointment that Mrs. Fitzgerald would not permit the clubs of this district to present her name as a candidate for president at the annual state convention to be held at Sacramento, May 26."

The statement was signed by the officers of the district and an imposing list of club presidents to the number of over forty.

The fact that Mrs. Fitzgerald is an exceedingly fine club woman, whose policy, like Mrs. Schlosser's, is "peace with honor," is clearly shown by her disinclination to run for the presidency, even at the request of many of her associates, after it had been understood by Mrs. Schlosser that she would not.

Mrs. Fitzgerald, president of the San Joaquin District, presided at the convention, and in speaking of the Federation and its purposes she declared: "We get out of the federation just what we put into it; just as we get out of our lives just what we put into them."

**PLEASANT EVENING PROMISED HOME CLUB**

The members and guests of the Home Club are anticipating the delightful evening which is to be given for them tomorrow. Miss Lucine Finch, wife of "Fleming" Finch, and son, who are famous all over the country, is going to give an exceptionally interesting program, after which dancing and refreshments will provide an opportunity for an interchange of greetings among the members and their guests.

Home Club does not hold installation of its new officers, but Thursday evening will be the first formal appearance of Mrs. E. S. Hough, the new president, and Mrs. Alice Griswold will be host and mistress. The dinner will be preceded by the installation of Mrs. Fred N. Morcom, Mr. and Mrs. R. W. Neighbor, Mr. and Mrs. E. C. Robinson, Mr. and Mrs. W. H. Cohich, Mr. and Mrs. W. E. Beck, Mr. and Mrs. George E. N. Gray, Mr. and Mrs. W. F. Vane, Mr. and Mrs. C. V. Newell, Mr. and Mrs. H. F. **INDIAN MAIDS OFFERING TICKETS**

The Camp Fire Girls, under the leadership of Miss Loora Houghton, are working this week with a right good will, selling tickets for all performances at the Kinema theater on Thursday and Friday.

The girls are trying to make enough money to defray the expenses of the summer camp, which will be maintained at Lagunitas Canon during the summer months, and to which all Camp Fire girls may go to within 40 miles of the mountains. These girls do not go astray; other girls who are employed all year may go for their vacation before and after the Camp Fire girls themselves have had their vacation.

The Camp Fire girls, as everyone knows, are regular little "she boy scouts," and as they have innumerable friends and as the management of the Kinema is going to split \$50-\$50 on the proceeds of the two days, it looks as if the camp would materialize without any trouble. Thursday evening will be given a right amateur audience will be made up principally from the girls' division of the War Camp Community Service, of which the Camp Fire girls are an integral part.

When you see a girl in full Indian regalia offering you a ticket from one of the many stands about town and in the shops—know that it is for "Little Women" Thursday or Friday at the Kinema, and the money you spend will help some girl have a beautiful time at Lagunitas Canyon.

**OAKLAND PUPILS AID FRENCH ORPHANS**

Oakland school children are rapidly becoming god-fathers and godmothers to the fatherless children of France. Fifty orphans have been adopted thus far—all French. It will be remembered by those who follow the doings of the youngsters at school that last year 180 orphans were adopted by Belgian, French and American in a sort who studied here. This year the children through the Junior Red Cross are cooperating with the Fatherless Children of France, an organization under the special patronage of Cardinal Amet, archbishop of Paris, and President Poincaré of France.

Ten cents a day from the United States added to the appropriation which the French government makes will take care of a French orphan for one day. Three dollars will keep him for a month, and \$36.50 will feed and clothe him for a year.

Children who help the banner at present for the largest number of French god-children, having eighteen to its credit. The high schools are beginning to be interested, and yesterday the Vocational High sent in \$73 in paid-up subscriptions, which will keep two little French children in good homes for one year.

Santa Fe school adopted a tiny baby the other day because the girl's

out there wanted to make real baby clothes to send to France. Various schools, church children of various ages. In all \$150 in cash have been sent from Oakland with more to follow.

The money is sent through William H. Crocker, treasurer of the Fatherless Children of France organization.

the officers will be installed. The arrangements are in the hands of Mrs. George Eggleton, and the officers to be installed are: Mrs. O. T. Angley, president; Mrs. Charles Brant, vice-president; Mrs. P. J. Erb, secretary; Mrs. W. B. Roy, corresponding secretary; Mrs. T. A. Marion, financial secretary; Mrs. W. B. Barnes, treasurer; Mrs. W. B. Moffit, historian; Mrs. F. M. Reynolds, auditor.

**LIST OF ROOMS FOR GIRLS**

The United States homes registration committee, which made a canvass of this city last October in order to list rooms for rent, has turned over to the Y. W. C. A. a list of 2,000 where girls or women are the preferred tenants. The association will maintain this list, keeping it thoroughly up to date, and will furnish information concerning the rooms offered to any organization, employer or girls and women interested. There is no charge for this service.

The board of directors of the Y. W. C. A. received the workers in their recent campaign today at an informal tea at 3:30. The visitors were shown the new recreation room, which has been fitted up in the old cafeteria, and other lines of work were explained. A short program of music concluded a pleasant and enlightening afternoon.

Calomel sickens! If bilious, constipated and head-

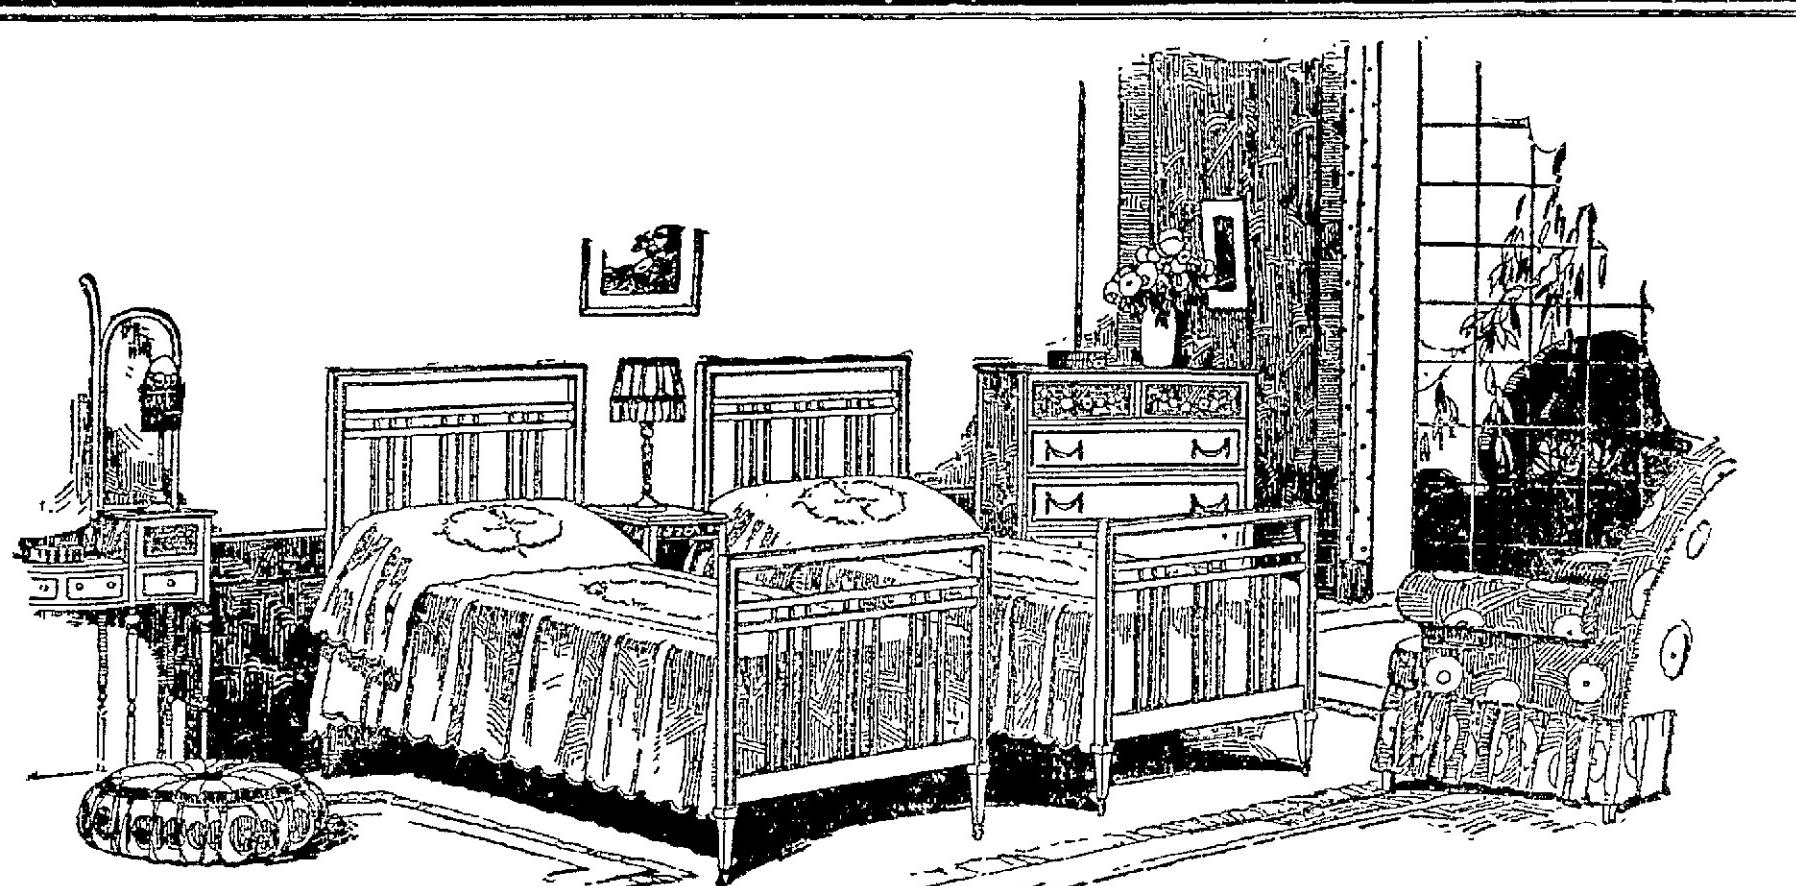

achy read my guarantee.

Listen to me! Take no more sickening, salivating calomel when you feel you feel fine and vigorous by morning. I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the taste of your medicine.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with sour bile, crashes into it, breaking it up. This is when you feel that awful nausea and cramping.

If you are sluggish and all knocked out, if your liver is torpid and bowels constipated or you have headachiness, coated tongue, bad breath, is bad or stomach sour, just take a spoonful of harmless Dodson's Liver Tone.

Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. It is harmless; doesn't gripes and they like its pleasant taste. Advertisement.

**Modern Designs in Metal Beds shown by Merchants of this City**

HAVE you seen these beautiful metal beds? If not, we suggest that you ask one of the prominent merchants to show them to you.

They are the modern designs just brought out by Simmons Company—and they are meeting with warm approval by the women of the city.

The housewife of today knows Simmons Beds and Springs so well that it is hardly necessary to call attention to their quality.

The name "Simmons" is a household word, and has been for a quarter of a century—the Nation-wide symbol of beds built for sleep.

It was the Simmons Company who first studied beds in relation to sleep. Who first produced firm, sound construction in metal beds. Who invented, perfected and patented the pressed-steel corner locks, which make Simmons Beds four-square, sturdy and noiseless—inviting complete relaxation of the nerves and deep, refreshing sleep.

It was the Simmons Company, too, who took hold of the spring problem—finally producing Springs

that yield to every contour of the body, and still never lose their elasticity.

3

NOW, in these new Beds, this Company is bringing metal bed design into true relation with the accepted good taste in bedroom decoration.

The time has passed when the woman of taste wished or even consented to "have everything match."

Harmony, always—but repetition, no!

These new Simmons Beds harmonize beautifully with the simple, dainty bedrooms of today.

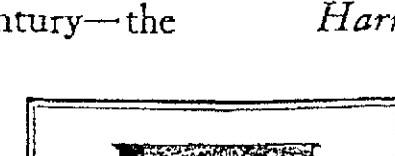

Women find them charming—and very well worth while.

Your choice of Double Width and Twin-Pairs—and especially pleasing in Twin-Pairs.

Cost little if any more than ordinary beds.

## MAILMEN TO DO MORE WAR STAMP WORK

Referring to them as real soldiers of service, Frederick Whilton, new director for Northern California of the war savings campaign, paid tribute to 150 mailmen who gathered at the rear of the main postoffice building yesterday afternoon for semi-annual inspection. The men wore new uniforms and Panama hats and made a splendid showing. They were reviewed by Postmaster Joseph J. Rosborough, and will be given credits for personal appearance.

In addressing the carriers, who represent 150 different districts in the local postoffices, including Oakland postmaster, Emeryville, Piedmont and San Leandro, Whilton told of the valuable services rendered by them last year in the sale of war savings certificates and thrift stamps and expressed the hope that they would display similar patriotism this year.

### MORE WORK TO DO

The spokesman said he preferred to refer to the work as a thrift campaign, as it is strictly a thrift movement, which is instilling in the minds of both old and young in this country the value of saving.

He said that it is a matter of building toward a strong, substantial future in our national life. Continuing, Whilton said:

"I want any suggestions that you men may have to offer concerning the best way of spreading this thrift doctrine. I realize that your work naturally tends to eliminate waste of time, and it is my desire that this extra call on your services may be made just as light as possible. You can do much to aid in this patriotic work and I know that you may be doing it already."

### RECOMMENDED

Your record of sales of thrift stamps last year was one that you have reason to take pride in, and I am confident that the same spirit of patriotism and devotion to the service of your country will characterize your efforts this year."

George Sheldon, director of the thrift stamp campaign in Alameda county, also commented that the spirit of patriotism they made last year and asked their hearty co-operation again this year. He asked them for suggestions, which he said could be given to him personally on the street or in his office in the First Savings Bank building, or through Postmaster Rosborough.

Sheldon said that Alameda county was three months late in beginning the drive this year, but that it had no doubt the finish of the campaign would be just as strong or stronger than it was last year.

### Police Will Usher in Summer Season

Captain J. F. Lynch will act as assistant to the police review to be held on Washington street, before the city hall, Saturday afternoon at 2 o'clock, when the police will wear their new brown uniforms ushering in the summer season. Several changes in the uniforms will be made this year, principally in the matter of sleeves. The new brown men will be required to wear tan shoes, preferably of the army type, with the olive drab uniforms, and white gloves. The parade will be reviewed by Chief of Police J. Henry Nedderman and Mayor John L. Davie.

## IRON SKULL CASE OPENS IN COURT

Joseph Santos, "the man with the iron skull," is complaining witness in the trial of Carlos Rodriguez today before a jury in Judge James G. Quinn's department on a charge of assault to commit murder. According to the evidence adduced at the preliminary hearing and which Santos will repeat to the jury, Rodriguez shot him three times in the head on Cherry Blossom Way in Hayward early this year.

After the shooting the victim got up and ran home, and later at the county hospital sat on the operating table smoking cigarettes while the surgeons cut the bullet out of his scalp. One of the bullets was as flat as a coin, and one of those present said the scalps had been flattened.

According to his lawyer, he had left his home and was on his way to work at the Peoples Water Company reservoir. At a dark spot in the street Rodriguez, who lived at Santos' house and is said to have been infatuated with Mrs. Santos, waylaid him, with insanity.

Rodriguez was arrested in Southern California where he was located by interception of his mail. Mrs. Santos denies that she was on any such terms with the defendant as to warrant his belief that she would marry him if her husband was killed.

## STEFFAN TO GET LUNACY HEARING

Police Inspector William F. Kyle today swore to a warrant before Assistant District Attorney James M. Koford, charging Charles L. Steffan, Oakland shipyard worker and confessed Greenwood bomb planter, with insanity. He will be examined tomorrow by a committee of experts.

The attorney alleges that Steffan believed it was he who planted the bomb that killed Mrs. George D. Greenwood.

Steffan was captured Saturday night by Mrs. W. G. Ifenshaw, sister of Mrs. Greenwood, at her Ocean Shore country home in San Mateo county, where he was seen prowling around the grounds.

Auditorium Granted for Irish Meeting

Permission was granted Irish societies today by the city council to use the Auditorium theater tomorrow night for a big mass meeting in the interest of Irish freedom. The application was made by the committee handling the meeting and the recent affair in San Francisco, which was attended by 15,000 persons.

William Randolph Hearst's letter thanking the council for the resolutions adopted after the death of his mother, Phoebe Apperson Hearst, was read today and placed on the council records.

## 'GRAFT' CASES SWITCHED TO WEST OAKLAND

Investigation into alleged graft in the police department in which Commissioner F. F. Jackson's name has been prominently mentioned in charges made by Captain of Inspectors Walter J. Peterson, which was started before Commissioners Morse, Soderber and Edwards in Morse's office yesterday, and which was concluded today, suddenly shifted from Chinese lottery to gambling in West Oakland this afternoon.

Every patrolman and detective who has been on duty in West Oakland since 1917 has been subpoenaed to appear before Commissioner Morse this afternoon the corridor outside Morse's office was filled with police and detectives who have at one time or another been detailed for duty in West Oakland.

Among those called are Sergeant Charles Hampfill, former head of the neutrality squad and the old moral squad; Inspector Tom Wood and Inspector Alexis Sheffoff.

### Police Corporals to Take Sergeant Rank

Nine police corporals will be raised to sergeant rating by the Civil Service Board under a decision reached last night. The board decided to raise all the old corporals, as their work is identical with that of a police sergeant. Three "new" corporals, recently appointed, will remain as corporals, however, but can take a sergeant's examination next year.

After the three "new" men in the corporals' rating are promoted there will be no more corporals in the department, the sergeant to be the next rank above patrolman.

Application of the park board for salaried Superintendent Leo Hartog was laid over last night, the board deciding to hold up the plan until other employees carrying the same relative rank, can also be raised.

### Richmond Sea Wall Case Is Heard Again

The Richmond Wharf and Dock Company is plaintiff in a \$100,000 damage suit against Anson Blake, director in the Central National Bank, in which it is alleged the defendant abandoned a contract to build a sea wall in front of their eight acres of Richmond submerged land. It is claimed the compensation for the work was to be a half interest in the property, but that before the contract was executed it was abandoned.

Judge Waste some time ago gave judgment to the plaintiffs for \$15,000 in the first trial of the case. On appeal the decision was reversed and the case remanded for retrial. It is being heard by Judge Dudley Kinsell, A. S. MacDonald is the principal owner in the plaintiff company.

### Community Singing at Rotary Luncheon

What his ideas are concerning a Rotary program will be explained at the luncheon of the Rotary Club in the Hotel Oakland tomorrow by John P. Smith, president of the club. Rex Migney of the American Theater and Otto Fischer of the Union Gas Engine Company will among the entertainers. Community singing is to be a feature of the occasion. Delegates are to be elected to the international convention.

### Hotel Employees and Families Are Guests

About 700 persons attended the entertainment and ball given at the Hotel Oakland last night. Miss W. C. Ferguson to the 275 employees of the hotel and their families. In addition to the employees many guests of the hostelry took part in the festivities. A vote of thanks was given Manager Jurgens by his guests, who expressed their appreciation of his interest in them.

### Awaits Extradition for Bank Robbery

SAN FRANCISCO, April 30.—Jack Cummings, charged with complicity in looting a Calgary, Alberta, bank of \$20,000, is being held today awaiting extradition to Canada, following failure of his effort to obtain release through habeas corpus proceedings. Cummings is held without bail. He was arrested here two weeks ago by private detectives and turned over to federal authorities, pending extradition.

"If we are to go forward as a nation, along progressive and productive lines, we must even make our beginning with health and education. Because, after all, industry resolves itself into production, consumption and distribution; and health and education are the highest stimuli to a desirable production and consumption."

"The altered conditions of the world seem to me to suggest for use in America four different lines of industrial policy. First, nationalism; second, co-operation; third, regulation; fourth, democratization."

"Above all, the present calls for nationalization of industry, as opposed to sectional jurisdiction. We cannot make industry from the sectional or state viewpoint than we could have waged the war upon Germany as forty-eight separate states, with forty-eight separate armies and forty-eight separate commanders and forty-eight separate ideas on the subject of how the war ought to be waged."

"Wife Says She Gave Spouse Black Eye

Mrs. Maria F. Newby, plaintiff in divorce suit before Judge A. F. St. Sure, against Attorney W. L. Newby of San Francisco, today testified that her husband collected \$25 a week from an accident insurance company on account of a pair of black eyes that she herself gave him. She said her husband told the insurance company he was hit in the back by an automobile or something, which he automatically struck him squarely between the eyes, causing family alteration. Mrs. Newby, who alleges cruelty, denied that she ever tore a shirt from her husband's back but did over that she had worked to put several on him.

Newby was recently one of two men who mixed matters in the court house corridor over some dispute during a trial before Judge Koford. The hearing of the divorce case is behind closed doors.

## NEW OFFICERS FOR CONGRESS OF MOTHERS

Officers for the ensuing year were elected today by the Second District, California Congress of Mothers, which opened its annual session in Berkeley yesterday. The new officers who were unanimously elected, are:

President, Mrs. H. G. Tardy, Oakland; first vice-president, Mrs. L. T. Boyce, San Francisco; second vice-president, Mrs. Charles Godfrey, San Mateo; third vice-president, Mrs. Arthur Painter, Berkeley; fourth vice-president, Mrs. P. J. Kramer, Oakland; recording secretary, Mrs. F. P. Butterfield, Berkeley; corresponding secretary, Mrs. W. H. Judson, Berkeley; financial secretary, Mrs. M. E. Nelson, Berkeley; treasurer, Mrs. C. Smith, Oakland; parliamentarian, Mrs. Florence Muske, San Francisco; auditor, Mrs. Stephen J. Simmons, San Francisco; historian, Mrs. J. B. Nakowsky, San Mateo.

Mrs. May Marston of Alameda was chairman of the nominating committee and the slate she presented was carried through without any deviation whatsoever. Mrs. B. A. Kramer was nominated for the office of president from the floor, and immediately declined to accept the nomination and the slate of the nomination committee, presented by Mrs. Marston, went through without a hitch.

Samuel J. Hume, speaking of the community drama, declared that America with its "canned music and drama" is in danger of becoming an inarticulate race since it is fast losing the power of expressing itself.

Hume said that in his opinion every child should take up art in some form—singing, acting—anything whereby it might gain the power to express itself. Hume told of the 475 community centers which have been established throughout California by the University of California for the purpose of furthering the interests of the farmers in regard to agriculture and the raising of stock. It is his ambition, he said, to see that art too finds its way to these centers and that a great deal of information be established whereby each center might acquire a knowledge of what other centers are doing.

FOR ALL THE PEOPLE.

Universities, said Hume, should not be for the favored few who live in the vicinity, but for the people of the state. He made a plea for the community drama and the community pageant, which should not be an advertising scheme put over by some one organization—or the misguided efforts of a certain group of persons, but which should be a real community effort, in which every group and every organization in the community should be represented.

Arthur Farwell made a similar plea for the community chorus, which he said was given its great impetus by the war. "War has changed the American idea about music," said he; "it is no longer regarded as an artificial thing, but as a spiritual movement."

W. C. Wood, state superintendent of schools, declared that community centers that provide for participation in civic affairs, especially recreation, are a necessity as a means toward the new democracy. Recreation will be needed in place of the saloons which are soon to be taken away from many persons who have used them as their only means of amusement, said Wood.

Dr. H. P. Wilson, superintendent of Berkeley schools, argued that all these pet community propositions might be very good things in themselves, but that through a unified effort on the part of the mothers clubs for better education for the children, better surroundings, better ideals is what the country needs.

The community program this afternoon concerned itself with community play as presented by Gustavus Schneider, superintendent of playgrounds, and rural community centers as described by Professor B. H. Cochran of the College of Agriculture.

Other speakers were G. G. Weisheit of the university extension, Miss McMillan of the University of California, and Professor Edward Krebsel of Stanford, who talked on the League of Nations; Mrs. C. R. Reilly and Charles Keeler.

The convention closed with the presentation of the new officers.

## Younger Set to Sell Gum for Relief Society

When a huge truck bearing several tons of gum arrives in Oakland tomorrow it will immediately be taken possession of by a bevy of the younger society girls under the leadership of their captain, Miss Frances Redman, and a group of lieutenants. The thousands upon thousands of sticks of the confectionery concealed within the snugly packed box are the gum through which the Ladies' Relief Society of Oakland is to benefit financially—the many dollars taken in upon the day of the gum drive—Saturday, May 2—to carry the organization along another year in its work of caring for the many infants and little children that are its charges. Mrs. Horatio Bonestell and Mrs. Frank Milton Avery are directing the drive, while the collectors are to be covered by the captains and their assistants on Friday, while Mrs. William Thornton White and her assistants will be at the baseball field on Sunday to dispense with the confectionery.

Saturday is the main day set for the drive, when the downtown districts will be thoroughly covered, the Hotel Oakland, the manufacturing districts, as well as the residence districts of the East Bay cities.

Some of the captains who have been appointed for the day in their respective stations are Mrs. James Dunn, Mrs. Frank K. Mott, Mrs. Jessie G. Eccleston, Mrs. Joseph Russell Knowland, Mrs. Harry E. Miller, Miss Elizabeth Gill, Mrs. H. S. Kergan, Mrs. Frank C. Weston, Mrs. T. Hosel, Mrs. George Rutherford, Mrs. Frederick P. McPherson, Mrs. Louis Ghirardelli, Mrs. J. P. Smith, Mrs. William Thornton White, Mrs. Charles Cutters, Mrs. George Perkins, Mrs. Willard Williamson, Mrs. Walton Norwood Moore, Mrs. Walter E. Street, Miss Frances Redman and a number of others. Several hundred are to offer their services for the cause under the direction of the above officers.

**MRS. ELLISON TO WED KENNETH BARTMESS**

At a handsomely appointed tea given Saturday afternoon by Mrs. W. E. Files of this city the engagement of Miss Ruth Esther Ellison and Kenneth Edward Bartmess of Oakland was announced to friends. Miss Ellison is the daughter of Mr. and Mrs. Frank Ellison of Fruitvale, where the family home has been for many years. Miss Ellison is a graduate of the Fremont high school.

Mr. Bartmess, who is a local business man, is a son of Mr. and Mrs. Lloyd Bartmess of Fifth avenue. The

**MRS. WILLIAM THORNTON WHITE**, who will arrange the details for the Gum Drive for the Ladies' Relief Society, Sunday afternoon next at the baseball grounds. Mrs. White will be assisted by a corps of younger matrons and girls of East Bay society.

## WOODMAN ON STAND DENIES KARR'S STORY

LOS ANGELES, April 30.—Mayor F. T. Woodman, on trial before a jury in the superior court here on a charge of accepting a bribe to protect vice, took the stand in his own defense today and denied my knowledge of the assignments of police officers to vice squads, or of vice conditions except as citizens or police had told him of them.

The point had become of interest in the case because the story of alleged bribery told by George W. Karr, a newspaper reporter, who defected from a long assignment involving the mayor with the underworld pivoted largely on Karr's statement that the first payments, he said, were received by the negro dry keepers to secure the return to the metropolitan squad of Sergeant A. W. Hackett of the police department.

Karr told the jury that he collected a thousand dollars from interested negroes and that at his insistence the mayor had caused Hackett to be returned to duty where he would be able to control the enforcement of ordinances relating to vice, and thereby extend the desired protection.

The mayor's testimony today related first his election and qualification, and then to the police department. He said he had no personal knowledge of the changes in assignment of police sergeants and knew nothing of alleged vice conditions that have been testified to by state witnesses, until they were brought to his notice in December by Hugh Martin, negro dry keeper.

Woodman said he knew Karr the state's principal witness, as a reporter only, and had no social acquaintance with him. He said he saw Karr at the home of Thomas Hughes, who had been Woodman's campaign manager, and Karr went on a trip to San Diego with him once, when Governor Stephen was to speak there, but at no other time had he met him except as a newspaper man.

Woodman was a member of the Alpha Phi sorority.

**PIEDMONT MOTHER HOSTESS AT BREAKFAST**

Mr. and Mrs. Horatio Bonestell are to be hosts at a breakfast Sunday morning which they will give in honor of Mr. and Mrs. Frederick Burnham of Martinez, who are visiting here. A coterie of intimate friends will be assembled. Miss George Wilhelm will give an informal dance at her home the evening of May 10 in honor of the burnhams. Intimate friends will share the hospitality of the hostess.

The evening of May 13 at the Berkeley Tennis Club Holly Branch of the Baby Hospital Association will give a dinner which will be attended by several hundred guests. The arrangements for the affair are under the direction of Mrs. Thomas Arthur Rickard.

Mrs. Rickard will be assisted by Mrs. Ralph Phelps, Mrs. A. O. Lehner and Mrs. Perry Evans.

The last tea for the year at Mills College was given at Warren Olney hall this afternoon. Friends of the students were cordially invited to visit the college today.

**NEW RESIDENTS IN PIEDMONT**

Mr. and Mrs. Almoner Gibson of San Francisco have leased an attractive home on Mountain avenue, Piedmont. They have a large circle of friends who will make their stay upon this side of the bay an enjoyable one.

Mrs. Arthur Collie Gibson (Ethel Palmer) is awaiting the arrival of her husband, Dr. Gibson, from overseas.

At her home in Crocker Highlands Mrs. Frank Hunt Proctor entertained at luncheon this afternoon. One of a number of affairs given by the hostess this spring, it

**POLITICAL NOTES**

That during the last two fiscal years \$93,257 has been appropriated by the city of Oakland for street work, but not a single mile of new street paving has been done, was the declaration last night of William J. Baucus, candidate for city commissioner, in a talk before more than two hundred members of the East Oakland Taxpayers' Association in Piedmont.

Baucus compared the expenditures of the past two years and the minimum of road work with the two years preceding when he was head of Oakland's street department and only \$85,000 expended for many miles of new streets.

"Oakland has more than four hundred miles of bituminized and paved macadam streets, which compare most favorably with those of any city in the country," declared Baucus. "I am proud to say that I have practically every mile of them, am asking the voters to put me back on my old job because the street department is one in which we can least afford to have inefficiency and inexperience."

Harry G. Williams, candidate for city auditor and assessor, spoke to the employees of the East Oakland Lumber Company yesterday afternoon and in the evening he addressed two big house meetings at the homes of Charles Bluhm in East Oakland and of George Phillips on Sixty-sixth street.

## TO The Ship Builders and Metal Workers of San Francisco Bay District

A letter signed "G. G." and published in a San Francisco newspaper criticizes these letters as being "ostensibly planned to speed up work," but in reality "designed to win public opinion to the side of the employers." The writer declares further that while the letters "state many facts of real weight" they "do not tell the whole story."

"G. G." then declares that in shipyards where he has worked he has seen "endless instances of favoritism, insolence, injustice and other things strongly calculated to create in the minds of the men the very attitude it is now sought to remedy."

We have no desire to take issue with "G. G." as to the motives behind these letters. We stated at the beginning that we purposed presenting facts that would promote a better understanding all around. That we have presented "facts of real weight," "G. G." points out. If, incidentally, we have impressed others as we have "G. G." with the importance of speeding up work, we have gained a point with which "G. G." can have no quarrel—inasmuch as the life of the shipbuilding industry in this district depends on this same speeding.

That we should want the support of public opinion is so human that "G. G." can afford to forgive us in exchange for "facts of real value."

IT IS, HOWEVER, BECAUSE "G. G." HAS GONE TO THE HEART OF ONE OF OUR BIGGEST PROBLEMS THAT WE WELCOME THE PUBLICATION OF HIS LETTER. We give it further publicity in the hope that out of the discussion will come a solution.

We think that "G. G." exaggerates when he speaks of "endless instances," but we do know that probably ninety per cent of the misunderstanding between employer and employee has its origin in some act of petty tyranny or courtesy.

We know that if we could eliminate this source of trouble there would follow an increased output that would enable us to meet all competition. It should not be difficult, therefore, to convince you that we will welcome any suggestion that might lead to a solution.

We know that if all our foremen and sub-foremen would deal with the men in accordance with their orders, they would treat all under their authority with that courtesy that every man owes his fellow. They would help develop initiative and would encourage good work by recognizing merit and advancing the men who "delivered" instead of boasting their personal pets. We would then have an immediate increase in production and the foundation laid for the complete understanding that must come before the future of the shipbuilding industry in this district can be assured.

We have worked on this problem and have given it deep thought. We have established "service departments" in the different yards in an effort to promote and protect the best interests of the men who are helping to keep shipbuilding a San Francisco industry.

"G. G." and others among the employees of the different yards understand the extent of the trouble and its menace as well as we do—perhaps better. To them this letter is addressed in the hope that they will join with us in finding a remedy for irritations that persist and poison in spite of all our efforts to cure.

TELL US HOW YOU WOULD REMEDY THE CONDITIONS OF WHICH "G. G." COMPLAINS.

Address your suggestions to "Shipbuilder Division, California Metal Trades Association, 210 Rialto Building, San Francisco." You can sign your suggestions or not, as you please. It is the solution in which we are interested.

WILL YOU HELP US FIND IT?

## THE JAPANESE DEMANDS.

Japan, through her delegates to the peace conference, is demanding that she be permitted to retain under her control, not only the former German-leased territory of Kiaochow, but the control of an additional large zone she has seized and exacted confirmation of, through secret treaties imposed upon China, in Shantung province. And anticipating that her demand may be denied, she has already advanced a counter claim for a port elsewhere on the China coast, if the claims for Kiaochow are denied.

It will be next to impossible for the impartial American to conceive of any reason why Japan should demand of China territory and important political and industrial rights because of Japan's participation in the war against the Teutonic powers. China was also a belligerent on the side of the Allied group, which includes Japan. All and the operation of the telephone companies revert to the supervision of the several States. No raid upon the federal treasury, such as has been engineered in the case of the railroads, is necessary in connection with the telephone and telegraph companies.

## LABOR IN THE PEACE PACT.

Adoption by the whole peace conference, for insertion into the peace agreement, of the clauses proposed by the commission on international labor legislation guarantees that many of the principles which organized labor has contended for will receive recognition in this epoch-making treaty. The nine clauses which the labor commission has drafted coincide very closely with the program which the American labor representatives presented for consideration of the conference. These include the following:

**FIRST**—The principle that labor should not be regarded merely as a commodity or article of commerce.

**SECOND**—The right of association for all lawful purposes by the employed as well as by the employers.

**THIRD**—The payment to the employed of a wage adequate to maintain a reasonable standard of life, as this is understood in their time and country.

**FOURTH**—The adoption of an eight-hour day or a forty-eight-hour week as the standard to be aimed at where it has not already been obtained.

**FIFTH**—The adoption of a weekly rest of at least twenty-four hours, which should include Sunday whenever practicable.

**SIXTH**—The abolition of child labor and the imposition of such limitations on the labor of young persons as shall permit the continuation of their education and assure their proper physical development.

**EVENTH**—The principle that men and women should receive equal remuneration for work of equal value.

**EIGHTH**—The standard set by law in each country with respect to the conditions of labor should have regard to the equitable economic treatment of all workers lawfully resident therein.

**NINTH**—Each state should make provision for a system of inspection in which women should take part in order to insure the enforcement of the laws and regulations for the protection of the employed.

President Wilson has in the case of Italy refused to recognize that a secret agreement between governments has any merit affecting a problem involving justice and equity for the peoples concerned. Unquestionably the same rule should be applied in the case of China and Japan.

The peace agreement itself will set up no media

for realizing these principles in practice. But

cannot be supported on the grounds of economic necessity for Japan. It can only arise out of the will of the political ambitions of the government of that signatory nation.

In the United States all of the city of New York, for instance, may now pass an ordinance under which baseball parks within

the city limits may be opened for games on Sunday after 2 o'clock p.m. Fixing a particular

hour that way appears to be a concession to churcho-going Sunday fishing, a less heinous offense than populating bleachers and anathematizing umpires, is also made lawful. It may be news

that this far from incendiary pastime was under the ban, for going a-fishing on Sundays had come to be regarded as a world privilege. New York do move.

Berkeley has decided to change its municipal administration. Mayor Samuel C. Irving, who has headed the administration for two terms,

## NOTES and COMMENT

Men gain distinction in various ways. Here is a man, dead at Redlands, who it is said was the first corset-maker in the United States, and the designer of that sinuous baseball cover that is so familiar and that succeeded the primitive square one, which must be remembered by the old boys who played at rounders. It is something to be the first at anything that catches on.

\* \* \*

The director general of railroads, in a speech at Denver, says it is his purpose to restore railroad service to its status before the war. The public will approve, while it will make much note of the fact that this is the first expression of the kind that has emanated from the federal railroad administration.

\* \* \*

The President has ordered that Postmaster-General Burleson relinquish control of the cable companies. Thus an act which should never have been committed is to be remedied. American control of the trans-Atlantic cables has never been effective of any purpose except the harassment of American interests. On the European side no attention was ever paid to Mr. Burleson's edicts.

As to the land telegraphic companies, Mr. Burleson announces his intention to present the solution of the problem to Congress. Just what he means by "problem" is not clear. The interference of Congress is not necessary. The telegraph and telephone companies should be returned forthwith to their private operators. They did not need the assistance of the federal government when Mr. Burleson, after the cessation of hostilities, seized them. They were earning a reasonable profit. They were under proper and effective regulation by the Interstate Commerce Commission and the several State utility commissions.

During the period of government control, brief as it is, rates have been increased all along the line and the service to the public has deteriorated. Now Mr. Burleson says there is a "problem" connected with these vital public utilities. If such is the case it is due solely to the fact that federal authority has laid its pestilential hand upon them and that of advocate of telephone and telegraph monopoly, Mr. Theodore N. Vail, Burleson's adviser-in-chief, has put some of his ideas into practice.

These unfavorable factors will be nullified immediately the two great competing telegraph systems are restored to their former integrity of the United States, which includes Japan. All and the operation of the telephone companies revert to the supervision of the several States. No raid upon the federal treasury, such as has been engineered in the case of the railroads, is necessary in connection with the telephone and telegraph companies.

Vail, Burleson's adviser-in-chief, has put some of his ideas into practice.

These unfavorable factors will be nullified immediately the two great competing telegraph systems are restored to their former integrity of the United States, which includes Japan. All and the operation of the telephone companies revert to the supervision of the several States. No raid upon the federal treasury, such as has been engineered in the case of the railroads, is necessary in connection with the telephone and telegraph companies.

It will be next to impossible for the impartial American to conceive of any reason why Japan should demand of China territory and important political and industrial rights because of Japan's participation in the war against the Teutonic powers. China was also a belligerent on the side of the Allied group, which includes Japan. All and the operation of the telephone and telegraph companies revert to the supervision of the several States. No raid upon the federal treasury, such as has been engineered in the case of the railroads, is necessary in connection with the telephone and telegraph companies.

During the period of government control, brief as it is, rates have been increased all along the line and the service to the public has deteriorated. Now Mr. Burleson says there is a "problem" connected with these vital public utilities. The statement that the peace treaty is to contain 250,000 words acquires interest on the mere reflection that somebody must read it through. The allied peoples should worry; but there is something for the Huns to ponder in the fact that it is to their interest to understand it before they agree to it.

The grisly methods of the Mexicans persist. The announcement is made that General Blanquet's head is kept on show at Vera Cruz. A people who find a human head an interesting souvenir have a vain of curiosity that some other peoples may find it difficult to understand.

The statement that the peace treaty is to be held at Denver, says it is his purpose to restore railroad service to its status before the war. The public will approve, while it will make much note of the fact that this is the first expression of the kind that has emanated from the federal railroad administration.

#### Loan Subscribers to Be Published Daily in Tribune

Beginning tomorrow there will be published daily in The TRIBUNE a list of subscribers to the Victory Loan. Also there will be published daily a list of the 100 percent firms, and a list of the branch house subscriptions.

#### Twenty Nurses at Fabiola Graduate

Fabiola hospital training school for nurses will present diplomas to 29 young women tonight at the graduating exercises announced by the Fabiola Hospital Association at the Home club. The formal program will be followed by a reception and dance. The 1919 class of graduates numbers:

Miss Anna Lindman, Miss Amanda White, Miss Lena H. Haas, Mrs. Marie Pierce Lee, Miss Mabel Currie, Miss Michael Venner, Miss Mary E. Short, Miss Louise A. Biggs, Miss Adele Anne, Miss Pauline Chittenden, Miss Chloe Williams, Miss Martha D. Armstrong, Miss Alice Hanush, Miss Anna Lundstrom, Miss Anna Lundstrom, Miss Vilma Jorgenson, Miss Gladys Doyne, Miss Florence H. Parkhurst, Miss Mildred Moye, Miss Anne M. Martensen.

"We pin our faith to Oakland," says the committee. "Its people have never yet failed to finish anything they started, and they are not going to fail now. If everybody puts his shoulder to the wheel Oakland and the county will finish the job in style."

**CONTINUE OPTIMISTIC.**

The Victory loan committee refuses to abandon its optimism, assuring its firm belief that the people of Oakland are realizing how necessary it is to put over this last and highly important of the war loan campaign.

"We only ask that nobody slackens. That is all."

**THEATER EMPLOYEES BUSY.**

Joseph Metzler, Oakland head of the Metropolitan Life Insurance Company of New York, last evening brought in one of the biggest single subscriptions yet recorded, \$40,000, on behalf of his company.

The employees of the American Theater announced a total of \$2800 in subscriptions.

The foreign colonies are working

hard for the Victory loan. Some of the totals already announced from these colonies are: Croatian, \$850; French, \$2500; German, \$19,650; Greek, \$10,000; Italian, \$33,300; Japanese, \$7350; Portuguese, \$20,400; Swiss, \$13,000.

**RALEY AT COTTON MILLS.**

A big Victory loan rally was held today at the California Cotton Mills, one of the speakers being Colonel Ralph Faneuf, commander of the 143d field artillery. A rally will be held tonight at the Garfield school.

"The campaign is gaining impetus," says the Victory loan committee. "Now if Oakland only pulls together we'll go over the top hand-somely."

## SOLOELLE

The Tone-Coloring Solo Player Piano

"The Soloelle pleased  
me very much because  
the Melody can be  
played with a different  
Tone-Color than the  
Accompaniment."

Tamaki Miura

The Soloelle is the only musical instrument in the world for the personal interpretation of music. It is the only player piano with which you yourself may express your own musical thoughts and emotions—it requires no technical skill to play.

The Soloelle is the most wonderful of all musical instruments—There is nothing at all like the Soloelle.

First—The Soloelle is the only player piano that affords complete and unrestricted control of the Melody and the Accompaniment separately.

Second—The Soloelle contains the only mechanism in existence that can give any kind of quality or character of tone (tone color) as distinguished from the volume or quantity of tone (tone gradation).

Knabe Soloelle, Kohler & Chase Soloelle, Gabler Soloelle, Shoninger Soloelle, Andrew Kohler Soloelle, Pease Soloelle, Fischer Soloelle, Hobart M. Cable Soloelle.

## STRANGER HOLDS FIGHTER'S COAT; FLEES WITH IT

"Want a fight? I'll hold your coat," remarked an affable and seemingly interested stranger at Twelfth and Franklin streets last night when Tom Williams' wrath had been provoked in an argument with another man.

Williams wanted to fight.

He took off his coat, and proceeded to "clean up" his adversary. Then, conscious of a job well done, he turned to receive his coat. The stranger, the coat and a roll of money in it had disappeared, which, according to the report agent the matter by Police Lieutenant William F. Woods, "demonstrates that he who feels the fires of wrath should pause, and meditate before entering into combat or trusting strangers."

Williams, who lives in Richmond, appealed to the police. They sympathized with his loss, scolded him for fighting on the street—but have not found the coat.

# 316TH TO BE DEMOBILIZED IN TWO DAYS

"With the cooperation of every man we can demobilize the 316th engineers and the 115th sanitary train in two days or less," said Captain Robert H. Witte, demobilization expert at the Presidio, shortly after the arrival of that regiment yesterday. The statement was received with much enthusiasm and while it was made only to a small group of officers it soon spread throughout the entire regiment of engineers and the sanitary train.

The regiments A, B and C of the 316th arrived in San Francisco today and were given a warm welcome. It is probable that the men in these companies also will be discharged within a day or so.

Five officers and three enlisted men arrived with decorations, the five officers receiving the Belgian Croix de Guerre and the enlisted men the American Distinguished Service Cross. The officers were Major Harmon S. Parrott, Major R. E. Robison and Captains Delbert Keen, Lynn A. Schloss of Berkeley and C. H. Prouty of Oakland, and Sergeants P. T. Collinge of the medical corps, John Maddox of Company F and Milton Burton of Company F.

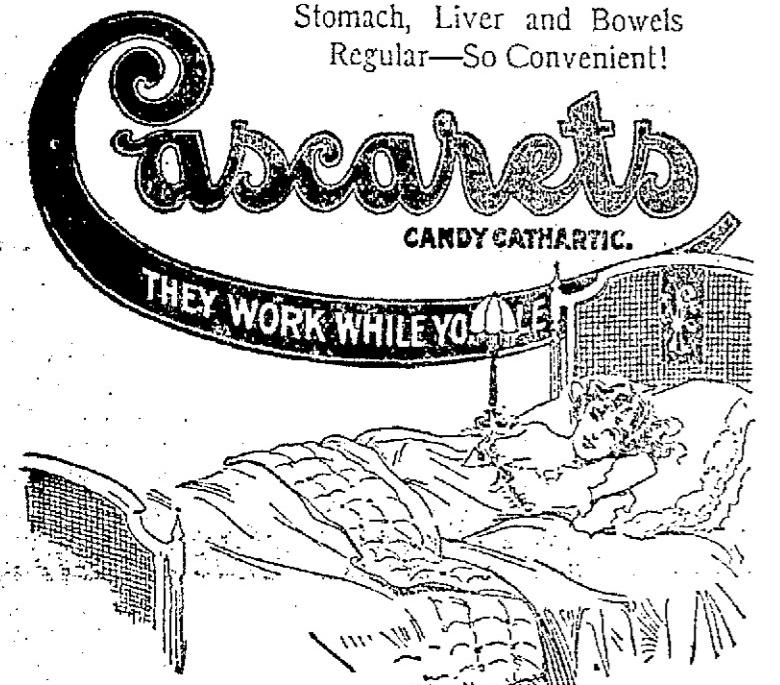

Captain Prouty lives at 275 Ridge-way Avenue, Oakland. Captain and Mrs. Prouty are well known in the East Bay cities. Mrs. Prouty, before her marriage, was Miss Edith Blake.

ALAMEDANS RETURN.

Other Alameda county men who arrived yesterday were Captain Edward S. Thomas, headquarters group, 91st division; Captain Hiram Gallagher, sanitary corps, 91st division; Captain J. A. Young, sanitary corps, 91st division; Alfred Fletcher, Don S. McClain, Emerson J. McGowan, Romie L. Riley, John J. Leonardi, Jacob C. Boris, Edwin E. Doolin, Andrew P. Ellington, John W. Gering, Max J. Davis, George R. Mathews, Oscar O. Nelson and John J. White of the 316th engineers; Edward L. Milbrath, Sergeant Alfred W. Owens, Philip S. Cost and William R. Schwinn of the 115th sanitary train.

## IRON WORKER ADMITS GUILT IN ROBBERIES 3 OFFICIALS HOLD SECRET 'GRAFT' PROBE

SAN FRANCISCO, April 30.—A full confession was obtained from Fred Petersen, Union Iron Works employee, that he was one of the automobile bandits who shot Policeman John Lynch of the Bush station early Sunday morning after a series of saloon, store and street holdups which began with the wounding of N. J. Parrah, 412 Mission street, a drygoods merchant.

Petersen told Captain of Detectives Duncan Matheson that he had met an unknown man south of Market early Saturday evening and that this man had stolen the automobile of William H. Hunt and had driven it and was the one who shot Lynch.

Lynch and Parrah identify Petersen, however, as the man who did the shooting in both cases.

Petersen informed the commissioners that pursuant to Morse's instructions, he had turned his evidence over to Decoto, but when questioned in detail on the charges he gave the commissioners as much as he could of their substance from memory. Morse read the statement from Petersen, made in his office at the beginning of the case, and Petersen discussed the points in the statement.

Petersen's statement set forth that Policeman Charles Nightingale, now under suspension, informed him that Jackson and Nedderman were making a lot of money in Chinatown graft, and that Dave Cockrell, gambler, had been "collector" until Jackson had been moved to the street department, when Nedderman himself is said in the "Nightingale report" to have "collected" direct in his office.

The report places Nightingale on record as admitting that he and other officers received \$7.50 per month from each gambling house as their "cut" in the arrangement, and Mrs. Hogstedt refused to prefer charges.

Further examination of charges you a little now, but will cost more as soon as the new commissioner starts taking his.

Morse has issued a tart reply to Decoto, who stated yesterday that if Morse insisted on calling a hearing and embarrassing the work of the district attorney's office, hindering criminal prosecution, "he will be responsible for a miscarriage of justice."

"I am just as responsible to the people of this city as Decoto is to the people of the county," said Morse, "and I believe this is too serious a matter to go unheeded."

City Attorney H. L. Hogan is sitting with the three commissioners in the hearing. Several policemen, it was said today, would be put on the

stand in Morse's hearing, which was held before closed doors, and Morse says that he does not intend to make public any part of it, despite his insistence that the public should know all.

"We will turn over what we find to the district attorney," he said, "and will not make public our decision until after the Grand Jury has acted."
